[Honolulu, August 2, 2023] - GameDevHQ and Hawai'i Technology Academy are thrilled to announce the successful completion of their one-year pilot project, which culminated in a groundbreaking partnership to offer comprehensive Game Development courses for students over the next year.

“

After witnessing the transformative impact of the pilot project on our students, we are proud to formalize this partnership with GameDevHQ.”

Andrew Marchetto-Ryan

Throughout the pilot project, both institutions collaborated closely to refine the curriculum, leveraging GameDevHQ's online game development expertise and HTA's innovative approach to education. The pilot's resounding success confirmed the effectiveness of the program in empowering aspiring game developers with essential skills and practical experience to excel in the dynamic gaming industry.

"We are incredibly excited about the results of the pilot project," said Jonathan Weinberger, CEO of GameDevHQ. "The positive feedback from students and the remarkable progress they made in their game development abilities have fueled our enthusiasm to extend this opportunity to a broader audience."

Hawai'i Technology Academy's commitment to harnessing technology education and promoting creativity was instrumental in achieving the pilot project's success. The collaboration enabled students to benefit from a unique learning experience, combining industry insights from GameDevHQ with HTA's state-of-the-art facilities.

"After witnessing the transformative impact of the pilot project on our students, we are proud to formalize this partnership with GameDevHQ," said Andrew Marchetto-Ryan, HTA's Career-Based Learning Coordinator. "Together, we are poised to empower even more students with the skills and knowledge they need to thrive in the fast-paced world of game development."

The comprehensive curriculum, crafted through the successful pilot project, will continue to offer students an unparalleled educational journey. They will have the opportunity to learn from industry professionals and gain hands-on experience in various aspects of game creation, including game design, graphics, coding, UX design, and more.

Registrations for the Game Development courses are now open for the 2023/2024 academic year for HTA students.
