Abre is a Modern Data Platform that provides many solutions to schools and their stakeholders. Abre focuses on improving a school’s operational efficiency, increasing stakeholder engagement, empowering schools to make confident decisions, and helping schools reinvest in what matters most. Previous CODiE awards include Best

Administrative Solution and Best Overall Education Technology Solution.

“The 2023 Education Technology CODiE Award winners exemplify the outstanding products,

services and overall innovation that enables learners of all types to connect with educators and educational materials,” said SIIA President Chris Mohr. “We are so proud to recognize this year’s honorees – the best of the best – that provide solutions to many of the critical challenges facing learners today – from access and equity, to personalized and tailored learning and beyond. Congratulations to all of this year’s CODiE Award winners!”

The Software & Information Industry Association (SIIA), the principal trade association for the software and digital content industries, announced the full slate of CODiE winners during a virtual winner announcement. Awards were given for products and services deployed specifically for education and learning professionals, including the top honor of the Best Overall Education Technology Solution.

A SIIA CODiE Award win is a prestigious honor, following rigorous reviews by expert judges including educators and administrators whose evaluations determined the finalists. SIIA members then vote on the finalist products, and the scores from both rounds are tabulated to select the winners.

Details about the winning products can be found at <https://siiia.net/codie/celebrate-finalists/>

About the CODiE Awards:

The SIIA CODiE Awards is the only peer-reviewed program to showcase business and education technology’s finest products and services. Since 1986, thousands of products, services and solutions have been recognized for achieving excellence. For more information, visit siiia.net/CODiE.

About Abre:
