

LBA Group Welcomes Kevin Long as New Director of Engineering

*LBA Group Expands Leadership Team
with Appointment of Kevin Long as
Director of Engineering*

GREENVILLE, NORTH CAROLINA, UNITED STATES, August 7, 2023 /EINPresswire.com/ -- [LBA](#)

“

LBA Group is delighted to welcome Kevin Long as our new Director of Engineering. His extensive knowledge and impressive track record in the industry make him a perfect fit for this crucial role.”

*Jennifer Cargile, VP of LBA
Group Inc.*

[Group](#), a leading provider of innovative solutions in the technology and engineering industry, is pleased to announce the appointment of Kevin Long as the new Director of Engineering. Kevin brings with him over two decades of invaluable experience in RF System Engineering, Phased Array Antenna Architectures, Strategic Planning, Engineering Management, Budget Management, Regulatory Requirements, Team Leadership, Analytics, and Problem Solving.

Kevin's extensive background in the industry includes a remarkable 22-year tenure at U.S. Cellular, where he held various leadership positions, including Senior Manager

System Performance and Manager Regional System Performance. Throughout his career, Kevin has demonstrated a deep understanding of the intricacies of the technology landscape, contributing significantly to the success of several high-profile projects.

"LBA Group is delighted to welcome Kevin Long as our new Director of Engineering," said Jennifer Cargile, VP of LBA Group. "His extensive knowledge and impressive track record in the industry make him a perfect fit for this crucial role. We are confident that Kevin's leadership will further strengthen LBA's position as a leading provider of cutting-edge RF technology solutions in various industries."

As the Director of Engineering at LBA Group, Kevin will play a pivotal role in leading and overseeing the engineering team's efforts. His expertise in RF Safety and other critical areas will be instrumental in driving innovation, ensuring the highest level of quality in our solutions, and delivering exceptional services to our valued clients.

"We are thrilled to have Kevin join the LBA Team," said Craig Conticchio, Senior Director. "His

technical prowess and innovative mindset will help fuel the LBA Group Companies' growth toward unprecedented success. Together, we will build a future of excellence that surpasses all expectations. Welcome aboard Kevin!"

Kevin holds a Master of Science in Electrical Engineering from the University of Arkansas, as well as an MBA in Business Administration and Management from the University of Tulsa. His passion for excellence and dedication to fostering a culture of innovation align perfectly with LBA Group's values.

"Over 60 years ago, Lawrence Behr established a tradition of providing solutions to some of the most difficult problems faced in broadcast, RF, and wireless telecommunications industries. It's an honor to be part of LBA Group as we carry forward this legacy and strive to push the boundaries of innovation," said Kevin Long. "I am excited to harness my extensive experience in the defense and telecommunications industries to lead the engineering team in crafting innovative products and delivering unparalleled services."

About LBA Group:
