

# National College Resources Foundation Changes Lives with the 2023 Power of Me Tour

WALNUT, CALIFORNIA, UNITED STATES, August 7, 2023 /EINPresswire.com/ -- National College Resources Foundation (NCRF), producers of Black College Expo™ (BCE), presents the 2023 Power of Me Tour (POM) nationwide this fall. The POM program, scheduled a week before the Expo, is designed to change students' lives through impactful testimonials and information on how to get accepted to college in a fun, engaging, and inspirational school assembly. Students will learn how to arrive prepared in order to maximize their experience.

The POM team consists of recent college graduates and special guests that will get the students excited, inspired, and motivated to excel in academia and life. Coordinators, Derek Speight and Celebrity Ambassador Crystal Westbrooks enjoy hosting these events and interacting with the students. Derek says, "About 83 % of the students approach me asking, are you sure I can get into college?" His response is always, "Yes and I can even show you how to get free money." Crystal counsels them that college is for everyone, you just have to find the one that fits you.

They open the floor for the students' questions on the college admission process, finding money, SAT vs. ACT, the importance of GPA, will I really be accepted? and more.
