

Zuci Systems and BrowserStack Join Hands to Elevate Testing Efficiency and Ensure Seamless User Experiences

DALLAS, TEXAS, UNITED STATES, August 8, 2023 /EINPresswire.com/ -- [Zuci Systems](#), a digital consulting and solutions firm, announced today that it has entered into a strategic partnership with [BrowserStack](#), one of the leading cloud-based cross-browser testing platforms.

Through this partnership with BrowserStack, Zuci Systems will be able to test its solutions across thousands of devices, OS and browsers, ensuring that they are fully functional and optimized for all users.

Zuci Systems

"By leveraging BrowserStack's testing infrastructure, we will be able to deliver even more reliable and high-quality digital solutions to our clients, ensuring that the users have the best possible experience," said Sujatha Sugumaran, Director, Quality Engineering at Zuci Systems.

BrowserStack's cloud-based cross-browser testing platforms provide access to a comprehensive suite of testing tools and infrastructure, allowing developers to test their solutions across a wide range of devices and browsers. With over 50,000 customers worldwide, BrowserStack has established itself as the industry leader in cross-browser testing and its partnership with Zuci Systems will further strengthen its position as a leading provider of testing solutions.

"We're excited to partner with Zuci Systems. Together BrowserStack and Zuci Systems are empowered to support the end-to-end testing needs of customers while contributing to their digital transformation journey!" said Jayas Damodaran, Sr. Director, Global Channels & Ecosystem, BrowserStack. "Through this partnership, we look to reach newer segments/regions of the market."
