SEATTLE, WASHINGTON, UNITED STATES, August 7, 2023

/EINPresswire.com/ -- In the spirit of friendship, volunteers from the [Church of Scientology](#) and the Seattle chapter of [The Way to Happiness](#) Foundation passed out copies of The Way to Happiness on Friendship Day 2023 at the Seattle Center, home of the iconic Space Needle.

Written by author and humanitarian L. Ron Hubbard, The Way to Happiness is a common-sense moral code containing 21 basic principles for a better quality of life. Nonreligious in nature, this booklet is used by people of virtually every culture and creed and empowers individuals to help others and make a difference in their neighborhoods and beyond.

"The Way to Happiness is part of our campaign to uplift neighborhoods in the greater Seattle area and in communities around Washington state," said the group's coordinator. "It forms a guideline that anyone can use to create a better life."

The volunteers carried out this initiative to celebrate [International Day of Friendship](#), proclaimed in 2011 by the UN General Assembly with the idea that "friendship between peoples, countries, cultures and individuals can inspire peace efforts and build bridges between communities."
