Short Description About Stone Plastic Composite (SPC) Flooring Market:

The Global Stone Plastic Composite (SPC) Flooring market is anticipated to rise at a considerable rate during the forecast period, between 2023 and 2030. In 2022, the market is growing at a steady rate and with the rising adoption of strategies by key players, the market is expected to rise over the projected horizon.

SPC stands for Stone Polymer Composite, a limestone core combined with PVC dust and a stabilizer. As a result, it's denser due to the core being 60-70% limestone with a 30% PVC core fused together. Often referred to as rigid core, SPC is 10X more impact resistant than WPC. It's also more stable to sunlight, can be installed in sunrooms, and has better scratch resistance compared to WPC.

Highlights

The global Stone Plastic Composite (SPC) Flooring market is projected to reach US\$ 7930.9 million by 2028 from an estimated US\$ 3107.7 million in 2022, at a CAGR of 16.9% during 2023 and 2028.

The industry is relatively fragmented and the main players are located in China and the United States. Decno Group, Armstrong, Mohawk, Mannington Mills, Tianzhen Bamboo Flooring, Zhejiang Oufei New Material, Zhejiang Walrus New Material and Zhejiang Kingdom are considered to be the main players in the industry. Tianzhen Bamboo Flooring is considered to be the market leader with a 9% market share in sales. In terms of product, non-recycled PVC type is the largest segment, with a share over 95%. And in terms of application, the largest application is residential use, followed by commercial use.

This Stone Plastic Composite (SPC) Flooring Market Research/Analysis Report Contains Answers to your following Questions

What are the global trends in the Stone Plastic Composite (SPC) Flooring market? Would the market witness an increase or decline in the demand in the coming years?

What is the estimated demand for different types of products in Stone Plastic Composite (SPC) Flooring? What are the upcoming industry applications and trends for Stone Plastic Composite (SPC) Flooring market?

What Are Projections of Global Stone Plastic Composite (SPC) Flooring Industry Considering Capacity, Production and Production Value? What Will Be the Estimation of Cost and Profit? What Will Be Market Share, Supply and Consumption? What about Import and Export?

Where will the strategic developments take the industry in the mid to long-term?

What are the factors contributing to the final price of Stone Plastic Composite (SPC) Flooring?

What are the raw materials used for Stone Plastic Composite (SPC) Flooring manufacturing?

How big is the opportunity for the Stone Plastic Composite (SPC) Flooring market? How will the increasing adoption of Stone Plastic Composite (SPC) Flooring for mining impact the growth rate of the overall market?

How much is the global Stone Plastic Composite (SPC) Flooring market worth? What was the value of the market In 2022?

Who are the major players operating in the Stone Plastic Composite (SPC) Flooring market?

Which companies are the front runners?

Which are the recent industry trends that can be implemented to generate additional revenue streams?

What Should Be Entry Strategies, Countermeasures to Economic Impact, and Marketing Channels for Stone Plastic Composite (SPC) Flooring Industry?

Stone Plastic Composite (SPC) Flooring Market - Covid-19 Impact and Recovery Analysis:

We were monitoring the direct impact of covid-19 in this market, further to the indirect impact from different industries. This document analyzes the effect of the pandemic on the Stone Plastic Composite (SPC) Flooring market from a international and nearby angle. The document outlines the marketplace size, marketplace traits, and market increase for Stone Plastic Composite (SPC) Flooring industry, categorised with the aid of using kind, utility, and patron sector. Further, it provides a complete evaluation of additives concerned in marketplace improvement in advance than and after the covid-19 pandemic. Report moreover done a pestel evaluation within the business enterprise to study key influencers and boundaries to entry.
