

# J3 Consulting Secures Contract Award for Systems Engineering and Technical Assistance (SETA) Services with the USDA

*As part of the contract, J3 Consulting will provide comprehensive oversight and technical assistance to the USDA's vital applications.*

WASHINGTON, DC, UNITED STATES, August 9, 2023 /EINPresswire.com/ -- [J3 Consulting](#) Secures Contract Award for Systems Engineering and Technical Assistance (SETA) Services with the United States Department of Agriculture (USDA)

“

We are thrilled that, after building upon a successful working relationship, the USDA has chosen to award J3 Consulting a contract to provide oversight to the agency's mission-critical applications.”

*Jeannie Jones-Ledford,  
President & CEO of J3  
Consulting*

J3 Consulting, a leading provider of cutting-edge consulting services, is delighted to announce the successful acquisition of the Systems Engineering and Technical Assistance (SETA) services contract with the prestigious United States Department of Agriculture (USDA). This contract award marks a significant milestone for J3 Consulting and reinforces its position as a trusted partner in delivering mission-critical solutions to government agencies.

As part of the contract, J3 Consulting will provide comprehensive oversight and technical assistance to the USDA's vital applications, ensuring seamless functionality, enhanced performance, and optimal efficiency. Leveraging their extensive expertise in systems engineering and technical support, J3 Consulting aims to drive innovation and streamlining within the USDA's operations.

"We are thrilled that, after building upon a successful working relationship, the USDA has chosen to award J3 Consulting a contract to provide oversight to the agency's mission-critical applications," noted [Jeannie Jones-Ledford](#), President & CEO of J3 Consulting.

"This contract win is a testament to our team's dedication, technical prowess, and commitment to delivering exceptional services. We look forward to leveraging our expertise to support the USDA's mission and contribute to their continued success," noted [Peter Cipriano](#), J3 Consulting

Chief Information Officer.

J3 Consulting has a proven track record of providing unparalleled support to government agencies, enabling them to achieve their strategic goals efficiently and effectively. Their team of highly skilled professionals possesses deep industry knowledge and a keen understanding of complex systems, ensuring the successful implementation and management of critical projects.

By securing the SETA services contract with the USDA, J3 Consulting continues to solidify its position as a leader in the field of systems engineering and technical assistance. The company remains committed to delivering exceptional results, fostering innovation, and providing unwavering support to its clients.
