interchangeable.

- Available in 1/2" thickness
- In durability tests, our vents have proven their weight by upholding more than 875 pounds.
- Composed of powder-coated aluminum, our flush mount metal vents do not bend, crack, rust, chip, or peel.
- Built-in damper available in certain styles.
- Easy installation for skilled craftsman and DIY homeowners alike
- To find the correct size, measure your duct opening Length x Width in inches.

*NOTE: The size of your duct opening will determine which size vent you need. If your opening is 4×12 then a standard 4×12 vent will work. Let's say your opening is not standard size like 3×12; you can still use our 4×12 vent since our frame design goes around the duct opening.
