

Sunstar 10 cu ft RV Solar Fridge Launch in Fall 2023, SunStar 21 cu ft Solar Freezer & Danfoss BD50F Compressor 101Z1220

Solar Refrigerator Company announces the launch of SunStar's RV Fridge, which is also Suitable as a Tiny Home Fridge and highlights the Danfoss BD50F Compressor

ORO VALLEY, ARIZONA, UNITED STATES, August 9, 2023 /EINPresswire.com/ -- [Sunstar](#) is a US family owned and fully managed business out of LaGrange, Indiana. This company is renowned for the manufacture of energy efficient AC & DC fridge and freezer products in the USA. These products are suitable for a variety of sizes of homes and businesses.

[Solar Refrigerator Company](#) is a proud partner and dealer of Sunstar solar fridge and solar freezer products and are happy to announce the launch of the SunStar 10 cu ft DC refrigerator ST-10RF. This product has a sleek design, specifically to meet the highly anticipated demand in the [RV refrigerator](#) and tiny house fridge markets. The features of this new model include:

- Top refrigerator and bottom freezer.
- Available in white, black and stainless steel.
- Two compressors, each running a separate compartment
- Defrost: manual &/ or automatic.
- Even temperature design with no warm spots.
- Interior lights in both compartments.
- Reversible doors.
- R600a refrigerant.
- Low power consumption.
- Operates on 12 or 24 volt DC power.
- Operate on 110 volts AC power.
- 2 years warranty.

The environment and climate change is a true focus for SunStar, which is why with this new

product, it was designed to operate using the more eco-friendly R600a refrigerant.

Another popular product by SunStar is the 21 cu ft solar freezer ST-21CF. This large solar freezer is available as a DC (12/ 24 volts) or AC freezer. The power consumption for this solar freezer is unbeatable in the industry with a record 218WHR (set at refrigerator internal temperatures) and 605 WHR (set at freezer internal temperatures) @ 70°F ambient temperature.

DANFOSS / SECOP

Danfoss, recently renamed Secop is a global industrial company that produces a wide range of products and services primarily in the areas of heating, cooling, and refrigeration. Their product types include:

- Cooling and refrigeration systems (included in this category is the Danfoss BD50F Compressor 101Z1220 (also referred to as Secop BD50F). The compatible compressor controllers / compressor electronic units for the BD50F is either Secop 101N0340 / Danfoss 101N0340 and either Secop 101N0212 / Danfoss 101N0212.
- Heating systems
- Drives and controls
- Power solutions

Overall, Danfoss is a leading provider of energy-efficient and environmentally friendly solutions for heating, cooling, and refrigeration, as well as a range of other industrial applications.
