

AI Drug Discovery Pioneer Intellomx Joins Johnson & Johnson Innovation (JLABS)

Intellomx is pleased to announce that it has joined Johnson & Johnson Innovation (JLABS), a premier life science incubator program.

NOTTINGHAM, UNITED KINGDOM, August 10, 2023 /EINPresswire.com/ -- Intelligent Omics Ltd (Intellomx) is pleased to announce that it has joined Johnson & Johnson Innovation – JLABS, a premier life science incubator program. JLABS provides entrepreneurs with the lab space, resources and support needed to bring breakthrough healthcare solutions to patients around the world.

"We are excited to join the JLABS community and look forward to collaborating with other innovators in the life sciences industry," said Dr

Robert Grundy, CEO of Intelligent Omics Ltd. "By employing Intellomx's unique approach to the use of machine learning to extract insights from transcriptomic data sets from disease tissue we hope collaborators can reveal better insights into hard to treat indications and ultimately bring better drugs to market sooner and at a significantly reduced cost."

About Intelligent Omics Ltd

Intelligent Omics Ltd is a leading UK-based drug discovery company that interrogates network biology with AI to discover biological targets that drive disease. The company solves pharma's big problem: "where do we find the next blockbuster drug?" and does it faster and more economically than has ever been possible.
