Additionally, the invaluable funding from the Mat-Su Health Foundation, coupled with RIM Architects' visionary designs and DC Construction's craftsmanship, has made their dream a reality.

The revamped facility is a testament to modern childcare, boasting specialized classrooms, a toddler haven, and a dedicated "threes room". Furthermore, the introduction of the esteemed Frog Street Curriculum ensures a comprehensive, research-backed educational journey for every child.

"While we're on the cusp of this new era, our commitment to community-centric programs remains steadfast. Our beloved Music Monday with Miss Danielle and Art Friday with Miss Mel will continue to enrich our curriculum," DeMarce said.

Child Care Biz Help played a crucial role in the transformation, offering solutions that enhanced financial stability, operational processes, leadership development, and board formalization.

As Sunshine Station embarks on this new chapter, they remain dedicated to their mission of nurturing young minds and ensuring their holistic development. We invite the community to join them in this exciting journey. Whether through sponsorships, staffing, or community engagement, the support can make a world of difference.
