

Artisse Ranks #1 New Free Photography App on the GooglePlay Store in the UK, Australia, Canada, and Japan

Within a week of its launch, Artisse has ranked the #1 position in the new free photography app on GooglePlay, as reported by AppBrain.

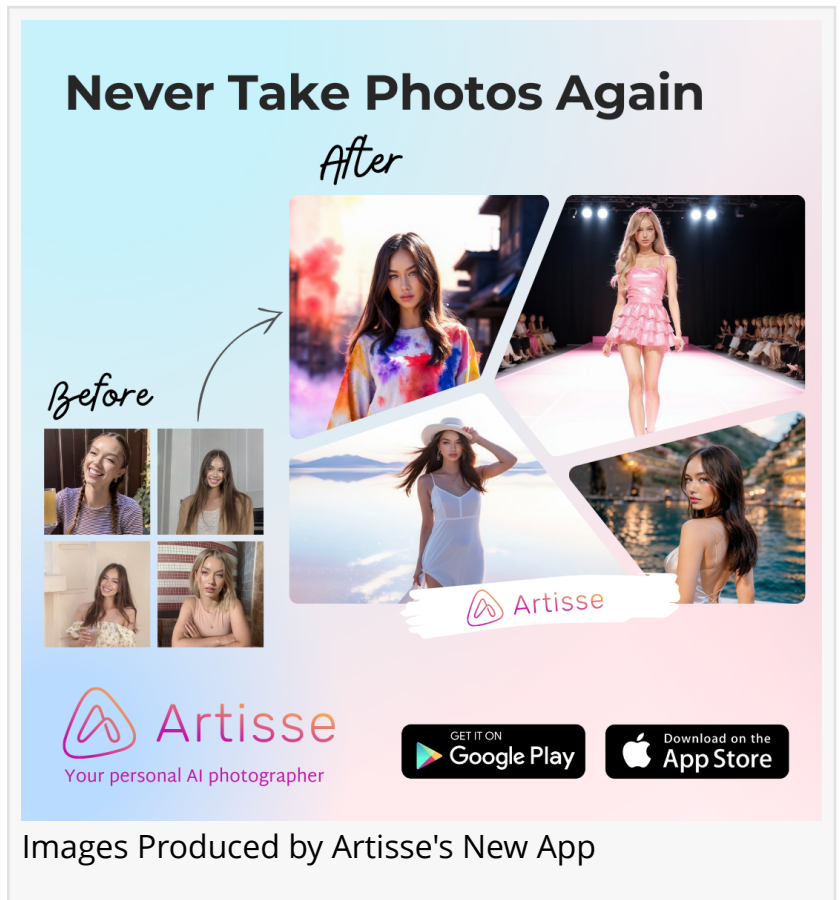

HONG KONG, HONG KONG, August 25, 2023 /EINPresswire.com/ -- Within a week of its launch, [Artisse](#) has ranked the #1 position in the new free photography app on GooglePlay in the UK, Australia, Canada, and Japan, as reported by AppBrain. This placement reflects its growing adoption and the value it brings to the photography community.

Artisse was introduced to the market as an AI-driven tool, transforming text or visual cues into images. Its user base has shown strong day-on-day growth, with positive feedback highlighting the app's ability to address prevalent challenges in the photography space.

The app has experienced growth in all major regions worldwide, with users highlighting its utility in simplifying the photo creation process and the quality of the images produced.

William Wu, CEO of Artisse, shared, "The introduction of AI in photography is reshaping how everyday individuals approach photography. This shift is the most significant change in the photography realm in the past two decades."

AppBrain rankings can be viewed at: <https://www.appbrain.com/app/artisse-easy-ai-photos/com.atrisse.app.android>.

The advertisement graphic features a central theme of transformation. On the left, under the word "Before", are four small, somewhat blurry and less vibrant photos of people. An arrow points from these to the right, where the word "After" is written in a cursive font. On the right, four larger, high-quality, and vibrant photos of people in various settings (fashion runway, beach, etc.) are displayed. The Artisse logo, a stylized 'A' inside a circle, is positioned between the "Before" and "After" photo sets. Below the photos, the Artisse logo is repeated with the tagline "Your personal AI photographer". At the bottom right, there are two buttons: "GET IT ON Google Play" and "Download on the App Store". The entire graphic is set against a light blue and pink background.
