In all, this year's Inc. 5000 companies have added 1,187,266 jobs to the economy over the past three years. “Running a business has only gotten harder since the end of the pandemic,” says Inc. editor-in-chief Scott Omelianuk. “To make the Inc. 5000—with the fast growth that requires—is truly an accomplishment. Inc. is thrilled to honor the companies that are building our future.”

More about Inc. and the Inc. 5000

Methodology

Companies on the 2023 Inc. 5000 are ranked according to percentage revenue growth from 2019 to 2022. To qualify, companies must have been founded and generating revenue by March 31, 2019. They must be U.S.-based, privately held, for-profit, and independent—not subsidiaries or divisions of other companies—as of December 31, 2022. (Since then, some on the list may have gone public or been acquired.) The minimum revenue required for 2019 is \$100,000; the minimum for 2022 is \$2 million. As always, Inc. reserves the right to decline applicants for subjective reasons. Growth rates used to determine company rankings were calculated to four decimal places.
