

Out of Africa Wildlife Park Celebrates 30 Years of Tiger Splash: A Roaring Success Story

Out of Africa Wildlife Park is thrilled to announce the 30th anniversary of its beloved Tiger Splash event.

CAMP VERDE, AZ, UNITED STATES, August 15, 2023 /EINPresswire.com/ -- Out of Africa [Wildlife Park](#) is thrilled to announce the 30th [anniversary](#) of its beloved [Tiger Splash](#) event, a remarkable celebration of the incredible bond between caretakers and tigers. Celebrations will be held starting Mid-August through September, and include contests and events both online and through the park.

Tiger Splash began with Genesis, a tiger born with hind-leg kneecaps on the wrong side. After surgeries and water therapy, Genesis refused to swim, leading caretakers to invite other animals to join in play. Today, Tiger Splash has evolved into an awe-inspiring spectacle.

At Out of Africa Wildlife Park, caretakers spend dedicated time feeding, playing, and quietly interacting with the animals. Gradual introductions build trust and create an extended family. Tiger Splash showcases the voluntary and natural interactions between caretakers and tigers. Tigers, known as "water cats," display their affinity for water during Tiger Splash, mirroring their behavior in the wild. Grizzly bears, lions, leopards, and other animals also enjoy play and interaction with caretakers.

Safety remains paramount at Out of Africa Wildlife Park. Staff respect the animals, read body language, and prioritize understanding natural instincts. Tiger Splash has run without incidents for 30 years.

"While we celebrate Tiger Splash's 30th anniversary, it's not just a reflection of three decades of splashing excitement, but a testament to our unwavering commitment to conservation,
