

BizCloud Experts Introduces New Jenkins Solution on AWS Marketplace

We are excited to announce the launch Jenkins Solution on AWS Marketplace. Solution empowers customers launch container-based Jenkins environment on AWS Cloud.

LEWISVILLE, TX, UNITED STATES, August 15, 2023 /EINPresswire.com/ -- Lewisville, Texas - [BizCloud Experts](#), a leading cloud solutions provider, is excited to announce the launch of their latest product, the ECS Fargate Based Jenkins Solution, now available on the AWS [Marketplace](#). This innovative solution is designed to empower customers with a seamless container-based Jenkins environment on the Amazon Web Services (AWS) Cloud. In today's fast-paced software

development landscape, continuous integration and continuous deployment (CI/CD) pipelines are crucial for organizations aiming to achieve agility and efficiency. The ECS Fargate Based Jenkins Solution by BizCloud Experts addresses these needs by offering a robust and scalable Jenkins environment that streamlines the CI/CD process.

“

We are thrilled to introduce our ECS Fargate Based Jenkins Solution on the AWS Marketplace”

Kiran Kraleti, Lead Technologist

infrastructure that adapts to changing workloads.

2. EFS Based Storage The solution leverages Amazon Elastic File System (EFS) for storage,

Key features and advantages of the ECS Fargate Based Jenkins Solution include:

1. Highly Available & Scalable: Jenkins Environment on AWS The solution provides a high level of availability and scalability, ensuring uninterrupted access to Jenkins for development teams. With built-in redundancy and failover mechanisms, businesses can rely on a dependable Jenkins

allowing users to efficiently manage their Jenkins data and configurations. EFS provides a scalable and shared file storage solution that simplifies data management in the Jenkins environment.

3. Cost-Effectiveness: BizCloud Experts understands the importance of cost optimization for businesses. The ECS Fargate Based Jenkins Solution optimizes resource usage through containerization, ensuring that organizations pay only for the resources they consume. This cost-effective approach maximizes return on investment.

4. Effortless Deployment and Maintenance Deploying and maintaining Jenkins instances can often be complex and time-consuming. BizCloud Experts addresses this challenge by offering a solution that minimizes deployment efforts and reduces maintenance overhead. This enables development teams to focus on their core tasks rather than managing infrastructure.

"We are thrilled to introduce our ECS Fargate Based Jenkins Solution on the AWS Marketplace," said Kiran Kraleti, Lead Technologist at BizCloud Experts. "Our goal with this solution is to empower businesses with a turnkey solution that accelerates their CI/CD processes while maintaining cost efficiency and ease of use. With this solution, organizations can confidently embrace [DevOps](#) practices and drive innovation."

Furthermore, BizCloud Experts is honored to hold the esteemed "AWS DevOps Competency" recognition, a testament to the company's deep expertise and proficiency in delivering DevOps solutions on the AWS platform.

The ECS Fargate Based Jenkins Solution by BizCloud Experts is now available for purchase on the AWS Marketplace. To learn more about the solution and its features, please visit BizCloud Experts on AWS Marketplace.

The image displays two promotional banners for BizCloud Experts. The top banner, titled "APPLICATION MODERNIZATION", features a background of a person's hand holding a smartphone with various icons (mail, people, location, search, etc.) floating around it. The text on the banner reads: "Trust us to help you embark on a transformational journey that empowers your business for long-term success." Below this, the contact information is provided: a phone icon followed by "+1(214)-206-8976" and a globe icon followed by "www.bizcloudexperts.com". The bottom banner, titled "BizCloud Experts achieves AWS DevOps Competency", features a blue background with a person standing on a target, holding a megaphone and a magnifying glass. The AWS logo and "PARTNER DevOps Services Competency" badge are visible in the top right corner. The BizCloud Experts logo is in the top left corner. The website "bizcloudexperts.com" is displayed in a yellow pill-shaped button at the bottom left.
