first interaction, we were impressed by Mobilearth's customer-centric approach, and their willingness to work with us, to understand our unique needs and challenges and adapt their product suite to our needs."

Mobilearth's mobile/online banking solutions are designed to be intuitive and easy to use, while also providing a high level of security to protect customers' sensitive financial information. With a focus on innovation and customer-centric design, Mobilearth has built a reputation as a trusted partner in the banking industry, delivering cutting-

edge solutions that enable financial institutions to better serve their customers. Mobilearth's extensive product suite includes not only mobile apps and online banking but a texting channel (SMS) and a tablet app (Branch in a Box) for employees to be as mobile as their customers. Constantly building new features to keep their clients ahead of their competitors, the Mobilearth

team pride themselves on thinking outside the box for unique solutions while delivering award winning customer service.

"At Mobilearth, we take pride in delivering personalized mobile/online banking solutions that meet the unique needs of our clients and their customers," said Tia Lee, CEO of Mobilearth. "We are thrilled to partner with The Bank of Nevis Limited to help them provide an exceptional banking experience to their customers, and we are committed to working closely with them to help them achieve their strategic goals."

With the launch of its new mobile banking applications, BON customers can now enjoy an enhanced banking experience, with access to a range of features and functionalities that allow them to manage their finances on the go. BON will be using Mobilearth's newly redesigned administrative portal and custom mobile banking apps. The goal is to empower BON customers to be self-sufficient and be able to do all of their banking with ease.

"We are excited to offer our customers a new and improved mobile banking experience, thanks to our partnership with Mobilearth," said L. Everette Martin. "We are confident that our customers will appreciate the convenience and functionality offered by our new mobile banking app, and we look forward to continuing our partnership with Mobilearth to deliver innovative and personalized solutions to our customers."
