Short Description:

The Global IT Asset Disposition (ITAD) market is anticipated to rise at a considerable rate during the forecast period, between 2023 and 2030. In 2022, the market is growing at a steady rate and with the rising adoption of strategies by key players, the market is expected to rise over the projected horizon.

Market Analysis and Insights: Global IT Asset Disposition (ITAD) Market

IT asset disposition (ITAD) is the business built around disposing of obsolete or unwanted equipment in a safe and ecologically-responsible manner. ITAD vendors specialize in the process of streamlining disposition of IT assets, while minimizing costs and maximizing recouping of losses. Businesses have a heavy replacement cycle of IT equipment. Enterprises with worn out old equipment are faced regularly with decisions of whether to refurbish or resell, recycle or dispose of business equipment.

The global IT Asset Disposition (ITAD) market size is projected to reach US\$ 17580 million by 2028, from US\$ 9187.8 million in 2021, at a CAGR of 9.6% during 2022-2028.

North America is expected to lead the global ITAD market, followed by Europe and Asia-Pacific.

The North American market is expected to grow significantly due to significant growth in the IT industry.

The region is expected to remain the largest IT asset disposal (ITAD) market for the next few years.

Another factor is strict government policies that encourage organizations to adopt the means to safely and properly dispose of their assets.

Europe is the second largest ITAD market in the world.

Data security and regulation are supporting growth in the ITAD market in Europe.

Countries such as Germany, France and the UK have already shown significant demand for ITAD services.

With industry-standard accuracy in analysis and high data integrity, the report makes a brilliant attempt to unveil key opportunities available in the global IT Asset Disposition (ITAD) market to help players in achieving a strong market position. Buyers of the report can access verified and

reliable market forecasts, including those for the overall size of the global IT Asset Disposition (ITAD) market in terms of revenue.

Overall, the report proves to be an effective tool that players can use to gain a competitive edge over their competitors and ensure lasting success in the global IT Asset Disposition (ITAD) market. All of the findings, data, and information provided in the report are validated and revalidated with the help of trustworthy sources. The analysts who have authored the report took a unique and industry-best research and analysis approach for an in-depth study of the global IT Asset Disposition (ITAD) market.
