SAN PEDRO, CALIFORNIA, UNITED STATES, August 16, 2023 /EINPresswire.com/ -- Become a citizen of [SYNCRA](#), the new immersive music and art experience, which wowed in its global opening in Vancouver, and has been expanded for its Los Angeles debut. SYNCRA opens its doors on August 16th, with a media preview night August 14th. SYNCRA brings interactive exhibits, art, games, music and dance to families and adults (with 21+ on selected evenings at [CLUB SYNCRA](#) Nights) in a cyberpunk world unlike anything ever experienced before. 10,000 sq. ft. of spectacular audio-visual content via dozens of different interactive elements, in seven unique "Neighborhoods," make EXPERIENCE SYNCRA Port of Los Angeles' the "must-experience" event of the summer.

"After the unbelievable reception Experience SYNCRA received in Vancouver, we had to bring it to the world's largest stage and with a larger space we've added brand new installments," says Creative Director Adrian Scott. "By merging a brand-new way to experience music with the interactive digital art that's possible now we're creating a lifelong memory for all ages."

The musical journey takes you through the imagination of award-winning Creative Director Adrian Scott. The unforgettable experience features all original electronic dance music written especially for the experience, intricately choreographed with lighting, effects and 360° immersive projection content.

This is a premium high-tech experience.

His team of projection mapping artists have animated a visual canvas, and their expert team of coders, programmers, and lighting designers collaborated to make this an incredible interactive audio-visual walkthrough adventure!
