The global Personal Cloud market size was valued at USD 21353.48 million in 2021 and is expected to expand at a CAGR of 16.82% during the forecast period, reaching USD 54273.86 million by 2027.

A personal cloud is a form of cloud storage for home users to store personalized data such as photos, videos, documents; it can also be used to stream multimedia. It is similar to a private cloud, but provides enhanced control. Personal clouds are also referred to as personal cloud storage, mobile cloud storage, and pocket cloud storage. Personal cloud works on the 'pay-as-you-go' pricing model; therefore, as long the user pays, they can use the service. It provides various advantages such as access to personal data to through the Internet and increased mobility; the user can connect to the cloud through a computer, a laptop or handheld devices such as tablets or cell phones. The user does not require hardware for data storage, since it is managed by the cloud service provider.

The report combines extensive quantitative analysis and exhaustive qualitative analysis, ranges from a macro overview of the total market size, industry chain, and market dynamics to micro details of segment markets by type, application and region, and, as a result, provides a holistic view of, as well as a deep insight into the Personal Cloud market covering all its essential aspects.

For the competitive landscape, the report also introduces players in the industry from the perspective of the market share, concentration ratio, etc., and describes the leading companies in detail, with which the readers can get a better idea of their competitors and acquire an in-depth understanding of the competitive situation. Further, mergers & acquisitions, emerging market trends, the impact of COVID-19, and regional conflicts will all be considered.

In a nutshell, this report is a must-read for industry players, investors, researchers, consultants, business strategists, and all those who have any kind of stake or are planning to foray into the market in any manner.
