

Renova Energy Now Serves IID Customers

Helping provide more solar solutions to the Imperial and Coachella Valleys

PALM DESERT, CA, UNITED STATES, August 25, 2023 /EINPresswire.com/ -- Renova Energy, Riverside County's leading solar installation company based in California's desert region of the Coachella Valley has broadened its service area to [customers of Imperial Irrigation District \(IID\) utility company](#). IID serves more than 150,000 customers in Imperial County and portions of Riverside and San Diego counties. As the sixth largest utility in the state, it connects people and industry to vital services.

Renova Energy will offer its expertise in the installation of solar and batteries to their customer base. With nearly two decades as an award-winning solar company, Renova understands the harsh desert conditions that their installations must withstand to produce maximum savings.

“

We are thrilled to bring cost saving sustainable solutions of solar to the communities that IID serves. More solar brings stability and continuity to energy providers as we move away from fossil fuel.”

*Vincent Battaglia, CEO of
Renova Energy*

About Renova Energy

Since 2006 Renova Energy has been designing, permitting, and installing solar energy systems and back-up storage using the best technology and craftsmanship backed by a knowledgeable team and the experience of SunPower for residential applications throughout California and Arizona desert communities. With SunPower’s credible reputation and recent investment into Renova as part of the company’s Dealer Accelerator Program, this Palm Desert-based solar company has made a name for itself as a trusted partner for customers’ energy needs. As a SunPower Elite Dealer, Renova Energy provides access to the most advanced and energy-efficient solar panels in the world to help reduce monthly electric bills. As desert specialists, the company incorporates specialized products and techniques that combat rapid temperature changes and seasonal effects to ensure each system produces the maximum energy possible for as long as possible. Solar energy is clean, renewable, and reliable, and adds significant value to properties. Sister companies, RenovaROOFS and RenovaPLUS, add services needed by many residential and commercial customers — the ability to repair or re-roof and the maintenance that keeps desert solar systems producing at top levels.
