Best Lawyers is the oldest and most respected lawyer ranking service in the world. For more than 40 years, Best Lawyers has assisted those in need of legal services to identify the lawyers best qualified to represent them in distant jurisdictions or unfamiliar specialties. Best Lawyers' methodology is based on a transparent peer review process designed to obtain substantive evaluations of the quality of legal services and the professional abilities of lawyers within the same geographical and legal practice areas. Best Lawyers: Ones to Watch, also based entirely on peer review, recognizes the abilities of extraordinary lawyers who have been in private practice for less than 10 years in the United States.
