TickTockTech - Computer Repair Austin

With over 30 years of experience in the technology industry, TickTockTech has established itself as a trusted name in computer repair and IT support, serving customers across North America. The company has earned a reputation for its commitment to customer satisfaction, certified technicians, and prompt response times.

The decision to launch in Austin stems from the city's thriving tech scene and growing demand for high-quality onsite computer repair services. TickTockTech's presence in Austin will provide residents and businesses with convenient access to professional computer repair and IT support solutions.

"We are thrilled to officially launch TickTockTech in Austin," said Micah Lauret, CEO of TickTockTech. "With our extensive experience, customer-centric approach, and Same Day service,

Free Onsite Estimate, and Discount Pricing Structure, we are confident that we will become the go-to choice for computer repair and IT support in the city."

TickTockTech's range of services includes comprehensive computer repair, virus removal, data recovery, network setup and troubleshooting, hardware upgrades, software installation, and IT consulting. The company's certified technicians possess the expertise to handle a wide variety of technology issues, ensuring efficient and reliable solutions tailored to the specific needs of each customer.

As part of its Austin launch, TickTockTech is pleased to offer Same Day service, allowing customers to receive prompt assistance from highly skilled technicians who will swiftly diagnose and resolve their computer or IT-related problems. In addition, TickTockTech provides Free Onsite Estimates, ensuring transparent and accurate assessments without any upfront costs. Customers in Austin will also benefit from TickTockTech's Discount Pricing Structure, offering competitive pricing while maintaining top-notch service quality.

“

We are thrilled to officially launch TickTockTech - Computer Repair Austin. Our customer centric, same day service for in home or in office finally gives the city a trusted Tech & IT support partner.”

Micah Lauret - CEO
