

SmartLifeCo Sets New Industry Standards for Sustainable Practices with Biodegradable Dental Floss Picks

SmartLifeCo, a leading provider of sustainable personal care products, introduces its biodegradable dental floss picks

SHERIDAN, WYOMING, UNITED STATES, September 7, 2023 /EINPresswire.com/ -- SmartLifeCo, a leading provider of sustainable personal care products, is once again at the forefront of innovation with the introduction of its biodegradable [dental floss picks](#). The new product aims to revolutionize the oral hygiene industry by offering a more eco-friendly alternative to traditional [dental floss sticks](#).

The biodegradable dental products from SmartLifeCo are crafted from plant-based materials and are designed to decompose naturally within six months, drastically reducing their environmental impact compared to conventional plastic floss picks. Despite their sustainable design, the floss picks deliver superior performance in cleaning between teeth and along the gum line.

"We're proud to be leading the way in sustainable oral care," said Joseph, CMO of SmartLifeCo. "Our new biodegradable floss picks not only provide an effective solution for oral hygiene but also contribute significantly to reducing plastic waste."

“

We're proud to be leading the way in sustainable oral care.”
