The [Movement for the Tenets of Democracy in Liberia](#) (MTDL)

The Movement for the Tenets of Democracy in Liberia (MTDL) was officially incorporated in July 2023 as a nonprofit pro-democracy organization in the Republic of Liberia. The officials and members of the MTDL in the United States of America and Liberia want to announce to all Liberians worldwide and the international community their intention and commitment to support democratic governance in Liberia. Liberia would be a prosperous nation when the government and the citizenry adhere to all democratic values, rules of law, human rights, and appropriate application of the nation's natural resources and human capital. The people of Liberia continue to experience high levels of poverty, unemployment, insecurity, and uncertain future despite enormous natural resources and massive financial support from the international community for nearly two centuries.

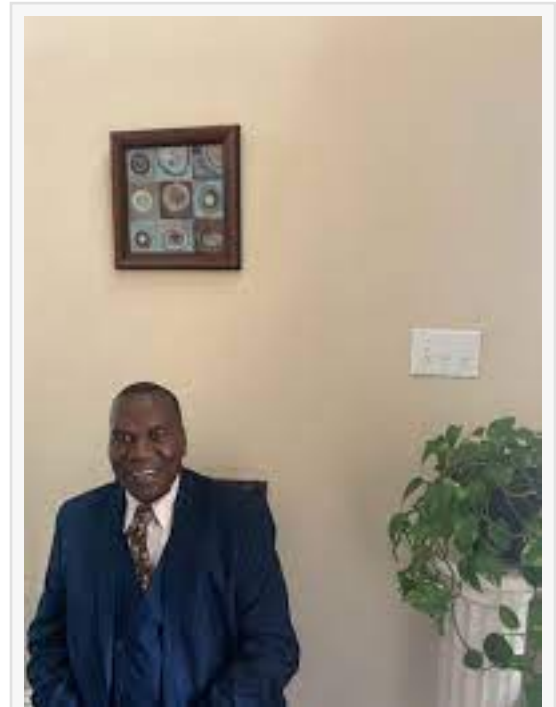

“

It's never too late-- never too late to start over, never too late to be happy.”
