

Dr. Alex Farnoosh: Creating Harmonious Smiles in Beverly Hills

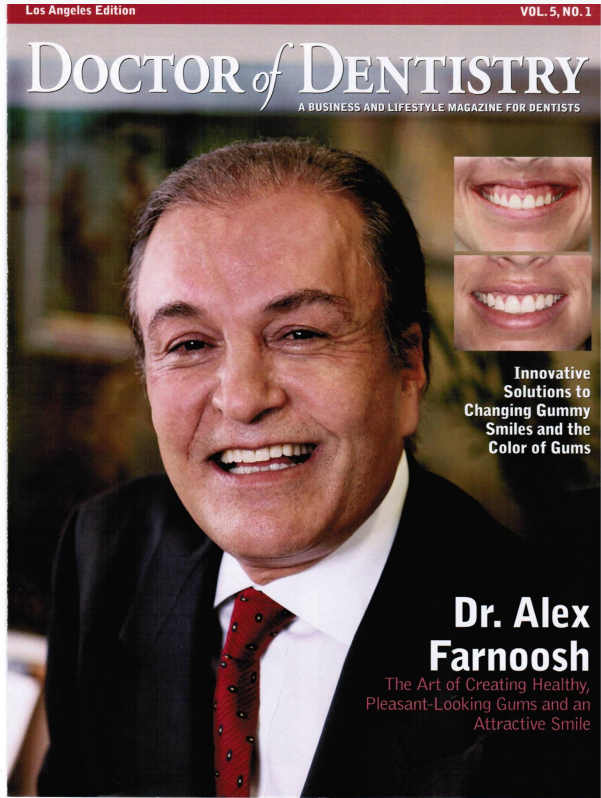

Dr. Alex Farnoosh offers tailored treatments for gummy smiles in Beverly Hills. With 25+ years' experience, he's featured in top publications & TV.

BEVERLY HILLS, CA, USA, January 18, 2024 /EINPresswire.com/ -- For many, a smile is not just an expression; it's a reflection of inner confidence. But what if that confidence is shadowed by a gummy smile? This condition, often caused by small teeth, overgrown gums, or a hyperactive upper lip, can be a genuine concern for countless individuals, hindering their natural expression. Enter Dr. Alex Farnoosh, Beverly Hills' renowned expert in crafting the 'Total Smile' – a harmonious balance of teeth, gums, and lips.

A smile is more than just teeth. It's the amalgamation of teeth, gums, and lips working together to paint a captivating canvas. A gummy smile, though benign, can chip away at that masterpiece. However, the good news is - it's correctable!

Curating Smiles, One Patient at a Time

Offering bespoke treatments, Dr. Farnoosh's approach is both an art and a science. His procedures, including gum contouring, crown lengthening, lip lowering, and even Botox, are

The image shows the cover of the Los Angeles Edition, Vol. 5, No. 1 of 'DOCTOR of DENTISTRY', a business and lifestyle magazine for dentists. The cover features a large portrait of Dr. Alex Farnoosh, a man in a suit and tie, smiling. To the right of his portrait are two smaller images of smiles. Text on the cover includes 'Los Angeles Edition', 'VOL. 5, NO. 1', 'DOCTOR of DENTISTRY', 'A BUSINESS AND LIFESTYLE MAGAZINE FOR DENTISTS', 'Innovative Solutions to Changing Gummy Smiles and the Color of Gums', and 'Dr. Alex Farnoosh The Art of Creating Healthy, Pleasant-Looking Gums and an Attractive Smile'.

tailored uniquely to the individual, ensuring results that are as distinctive as each patient. For over 25 years, Dr. Farnoosh has pioneered transformative techniques, setting new standards in cosmetic periodontal treatment.

A Comprehensive Approach to [Gummy Smile Treatment](#)

Depending on the unique requirements:

Crown Lengthening Surgery: Beyond laser technology, this targets teeth concealed by excessive gum tissue. The process involves meticulous removal and reshaping of gum tissue to unveil a balanced smile.

Gum Contouring: For those with an uneven gum line, a blend of regenerating techniques presents a harmonious look.

Lip Lowering: Addressing hypermobile lips, this surgical procedure optimizes the lip's appearance to reduce excessive gum visibility.

“

A gummy smile, though seemingly minor, deeply influences one's life. I've passionately developed an alternative to jaw surgery, letting my patients smile with confidence.”

Dr. Alex Farnoosh

Botox: A temporary solution to relax the upper lip muscles, diminishing excessive gum display.

Moreover, Dr. Farnoosh's expertise allows for a combination of cosmetic gum surgeries, often accompanied by other enhancements like [gum bleaching](#) or porcelain veneers. This holistic approach results in a complete smile transformation.
