

Transforming Supply Chain: Techsommel's Conference Spotlights Digitalization Trends

Join us in Amsterdam to explore the latest trends and strategies driving digital transformation in supply chain and logistics at our groundbreaking conference.

AMSTERDAM CITY, NETHERLANDS, August 24, 2023 /EINPresswire.com/ -- The countdown has begun for the highly anticipated annual event that promises to reshape the landscape of [supply chain](#) and logistics

management: Techsommel presents Digitalization of Supply Chain and Logistics Summit 2023 #DSL2023. This groundbreaking conference is set to gather a dynamic ensemble of influential decision-makers, industry pioneers, and thought leaders on the 24th of October in the vibrant city of Amsterdam.

“

It's really great to partner and work with Techsommel for their events! The events are valuable and informative and a nice way to network with like minded people.”

Lindsey Marandola - Director of Legal Operations at Temple Health

#DSL2023 is not just an event; it's a convergence of brilliance, a melting pot of innovation, and a platform that brings together visionaries from all corners of Europe. With expectations soaring high, the conference is poised to attract over 180 attendees, including CXOs, VPs, directors, heads, managers, and professionals at the forefront of the supply chain and logistics domain.

Diverse Perspectives, Unified Vision: The summit offers a meticulously curated agenda featuring 15+ keynotes and

an eclectic mix of customer case studies, research projects, and keynote presentations. The lineup of speakers reads like a "who's who" of industry luminaries, including:

Dr. Wolfgang Partsch: A true trailblazer, recognized as the inventor of supply chain management and co-author of the groundbreaking work "Breakthrough Supply Chains. Dr. Partsch's stature as a top 10 influencer in the supply chain realm solidifies his place as a thought leader.

Esteemed Speakers Of The Summit.

Ozer Ergul: He is a visionary in his own right, serving as the Group Head of Procurement at Aquia Capital. His insights into procurement strategies and industry trends are set to shape the future of sourcing.

Rimmert Van Luyn: As the Vice President of Global Supply Chain at Hitachi Vantara, Rimmert brings a wealth of experience to the table, heralding a new era in global supply chain orchestration.

Vineet Khana: At the helm of the global supply chain for Nestle, Vineet Khana's leadership in optimizing supply chain dynamics is set to inspire change.

Michelle Garres: Director Projects EMEA Distribution & Logistics at Crocs, promises to illuminate the logistics landscape.
