Two prominent organizations, 10-4 Tow and North Bay Cancer Alliance (NBCA), are thrilled to announce their exciting collaboration that aims to make a significant impact in the fight against cancer within their community. The joint venture introduces a groundbreaking car donation program that empowers individuals to donate their old cars, providing much-needed support to cancer patients and their families.

North Bay Cancer Alliance, an independent community resource devoted to assisting cancer patients, along with their families and caregivers, is dedicated to providing direct access to local cancer resources, information, and financial support for those who cannot afford necessary treatments. As a reputable nationwide towing provider with years of experience, 10-4 Tow brings its expertise to facilitate the car donation process, ensuring a seamless and efficient experience for donors.

The newly established car donation program allows generous donors to contribute to the noble cause of supporting cancer patients while enjoying several benefits. Donors can conveniently donate their old cars through 10-4 Tow's assistance, eliminating any hassle from the process. Upon donating their vehicle, donors will receive a tax-deductible receipt, offering a financial incentive to contribute to the program. Furthermore, this initiative enables individuals to make a tangible and meaningful impact on the lives of cancer patients in their community.

"We are thrilled to collaborate with North Bay Cancer Alliance to launch this innovative car donation program," said Gavriel Taub owner of 10-4 Tow. "Our team is proud to use our nationwide expertise in towing services to support such a crucial cause.
