Robert Rene "Promises"

Robert's music is a unique blend of pop and dance infused with good vibes and amazing lyrics. "Promises", like "Save My Heart", showcases his EDM style.

The characters in this video trilogy represent the many emotions and challenges that we experience while dating and while in relationships. "Save My Heart" was about people's wants and their intentions. These intentions ranged from only wanting a one night stand to chasing the fairytale dream of forever, perfect love. This third release, "Promises", revolves around the promise of forever. Can forever be a reality? This dance song expresses the idea of a promise that possibly won't be kept.

The Trilogy was produced by Robert Rene, executive producer, Justin Felipe, Azul Wynter, Gerry Dorvil of GDK Entertainment Firm, and Kathleen Garcia, marketing director of GDK. Azul Wynter

has produced for such artists as Post Malone, French Montana, and Cardi B. Gerry Dorvil has worked with artists such as Stevie B, C+C Music Factory, and El DeBarge. The video, "Promises", can be found on all digital platforms such as Apple Music, Spotify, Amazon, Pandora, and Tidal after its release date. It will also be available for download at robertrene.com. Enjoy the epic story of The Trilogy.
