By investing in this state-of-the-art technology, DLS solidifies its position as a leader in the label industry. The upgraded die cutter not only enhances production capabilities but also demonstrates the company's commitment to staying ahead of the curve and adopting the latest advancements in printing technology.

“

Updates like this new die cutter allow us to drive efficiencies -- utilizing more advanced options for automation as well as faster, more reliable equipment.”

Bill Johnstone

“DLS is continually exploring opportunities to improve our processes to optimize production capacity. Updates like this new die cutter allow us to drive efficiencies -- utilizing more advanced options for automation as well as faster, more reliable equipment,” says CEO Bill Johnstone.

The new die cutter has added to DLS's already significant production capacity. With five

nationwide locations, DLS maintains a fleet of over 50 presses including flexographic, [digital, HP Indigo and hybrid equipment](#), as well as [RFID label converting](#) equipment.

About DLS

A wholly-owned subsidiary of TSC Auto ID Technology Co. Ltd., DLS has been a preferred B2B supplier of high-quality, custom-printed pressure sensitive labels since 1985. All products, from blank labels to full color high-definition labels, are produced utilizing the latest in flexographic and digital printing technologies. Exemplar of their motto “We only succeed when you do,” DLS’s dedicated team is passionate about labels and is willing to share their expertise with partnered distributors to help them grow their business. With locations in five states and headquartered in Itasca, Illinois, DLS is well-situated to offer products to distributor customers nationwide. To learn more about the dedicated team at DLS, its exceptional offerings and services, or to receive a quote in 3 hours or less, please visit <https://teamdls.com> or call 800.397.3013.
