Miami Tower is a 47-story office skyscraper, renowned for its dramatic exterior glass tiers and elaborate color-changing light installations that make it one of the most photographed buildings in the Miami skyline. The prestigious office tower is in the heart of downtown Miami and home to many of Miami's established and most influential firms. Miami Tower was designed by I.M. Pei, who is often called a Master of Modern Architecture, and is known for cutting edge designs such as the Louvre Pyramid in Paris.

The Mystic Force Foundation was founded in 2008 by Dr. Steven & Silvia Vanni after their then 4-year-old son, Salvatore, was diagnosed with Stage IV Neuroblastoma Cancer. Salvatore lost his battle with cancer in 2011 but his legacy continues to change the lives of all children battling this devastating disease. This year is the Foundation's 15-year Anniversary of raising awareness and desperately needed funds for Childhood Cancer Research, as well as advocacy in Washington, DC, granting 'Wishes', delivering toys, holding in-patient hospital parties, and bringing Hope, Joy, Happiness and Smiles to the littlest Heroes battling Childhood Cancer. They are also celebrating
