“The Minibar integrates all the services that consumers expect today into a compact, all-in-one product, extending this home theater option to Pay-TV customers,” said a spokesman from Améirca Móvil.

“With support for Dolby Atmos and Dolby Vision, Minibar 5.1 delivers incredible audiovisual experiences to customers,” said Mahesh Balakrishnan, vice president of consumer entertainment, Dolby Laboratories.

“We are pleased to bring the THX audio calibration expertise to this dynamic and innovative product. Minibar 5.1 allows us to further the THX mission to ensure more people can enjoy high-fidelity content the way the creators intend entertainment to be enjoyed,” said Jason Fiber, chief executive officer, THX Ltd.

One-Stop Experience

Homatics Minibar is an all-in-one wireless and seamless device, preloaded with favorite streaming services like NETFLIX, Disney+, YouTube, Hulu, Amazon, gaming platforms, etc. Experience a seamless connection with one click for Infinite Immersion, powered by a private 5.8GHz wireless protocol.

Incredible Sound and Picture Quality
Homatics Minibar supports best-in-class immersive audio with Dolby Atmos, features a 5.1 audio channel configuration, includes Android TV OS, and is tuned by THX. The minibar is only half the length of typical soundbars on the market, including Dolby Vision® for astonishing picture quality.

It is meticulously tuned by THX, which maximizes the performance of the minibar. This lets users experience the artists' true vision in their entertainment and enjoy an exceptional out-of-the-box listening experience regardless of the type or format of the content.

Users can enjoy connectivity with smartphones, tablets, PCs, and projectors, XR headsets, for a versatile entertainment experience. Just immerse in movies, music, gaming, sports, and interactive experiences, enhancing engagement with favorite content anywhere and anytime.

Immersive Audio-Visual Fusion in Each Room

Users can immerse themselves in a captivating audio-visual journey that seamlessly blends people, content, and surroundings. With customizable configurations for various room sizes, they can tailor their setup to ensure optimal audio and visual performance.

Humming EQ - Craft Your Personalized EQ Experience

Based on favorite content, the Homatics minibar can deliver an immersive Dolby Atmos and Dolby Vision user experience automatically, and it can fit-to-fill the best corresponding sound effects according to the content and support for customization, allowing audiophiles to customize sound effects themselves through the Humming EQ.

Enhancing engagement with your favorite content anywhere and anytime
