Pamela Forward

“Thanks to The Law Foundation of Ontario, this grant will help support whistleblowers in Ontario get access to the legal system and who have so far, been challenged to find legal guidance or representation. This funding will help provide a lifeline of legal information and education to assist one of the most underserved populations in Ontario – whistleblowers,” said [Pamela Forward](#), President of Whistleblowing Canada.

Since our founding in 2019, Whistleblowing Canada has received calls from Ontario whistleblowers who inform us of the serious maltreatment they are subjected to because they try to do their jobs ethically and uphold the law in the process. One of the most common statements we hear is an inability to find lawyers to represent them. They are also unsure of their legal rights and left alone, they fend for themselves without access to justice. This grant will change that.
