William Ruto. Kenya President Dr. William Ruto is perhaps one of the most progressive African leaders in the 21st Century whereas Elmore is asking President Ruto to support the "Safari Initiative." The Safari Initiative is a plan and the Blueprint to Educate and Enlighten People about the Cultural and Economic Importance of Africa. The word Safari is the most noted African word in the English language.

Safari is used as multiple acronyms, most noted as "Style African Family Application Renaissance Initiative." In regards to the "Family" the letter "F" is interchangeable to mean many things as Friendship, Fashions, Furnishings, Faith, Fun, Food, Finance. The Letter "R" also has many Applications as Reparation, Reform, Renew, Rehabilitate.

Just as the Kenya hosted "Africa's 1st Climate Summit" Elmore is asking that Kenya host in concert with Tom Mboya's 70th "The Kenya Safari Homecoming Celebration" whereas African/Americans for the 1st time in history are honored via an official State Reception.

The father of African American history Dr. Carter G. Woodson wrote "Those who have no record of what their forebears have accomplished lose the inspiration which comes from the teaching of biography and history." Elmore explains that the absolute most important history of African/Americans and Africans is the "Tom Mboya story and the Birth of Kenya and its relationship to African and African/American History and culture."

It was the African from then "British East Africa" named "Tom Mboya" who arrived in America on August 15, 1956 on his 26th birthday who not only inspired and uplifted Black America, Tom Mboya's influence changed the course of American history and culture.

The John F. Kennedy Library and Presidential Museum website reads: " a dynamic young leader from Kenya named Tom Mboya visited Senator John F. Kennedy. Mboya led a campaign of his own that would eventually bring hundreds of African students to America for higher education, including Barack Obama Sr., President Obama's father. Kennedy's decision to support the effort became an issue in the election and possibly a factor in his narrow victory."

The 1988 Anthony "Amp" Elmore Orange Mound Memphis produced film "The Contemporary Gladiator" played in Kenya in 1990. Elmore's film playing in Kenya was historic and life changing. Elmore's film playing in Kenya was not just a movie in Kenya but a "movement." Elmore realized that "I made it home" being among the 1st in generations of Africans leaving the continent of Africa and returning.

Elmore was struck in Kenya and infused with a mission to bring the family home. Thanks to Mboya Elmore has not just a Black story, but we have an American story whereas we can honor both "King and Kennedy" and both Blacks and Whites in Kenya via the building of the "Tom Mboya/Dr. Martin Luther King Education and Cultural Center" in Nairobi, Kenya.

Elmore explains that Kenya is the returning point whereas African/Americans, Americans and all

people can find the birth of humanity. Elmore believes that Kenya President Dr. William Ruto has a high vision whereas the world can celebrate African/Americans coming home and honoring Tom Mboya, Dr. King and many others. Elmore is asking the Kenya President and Kenya leaders to come to Black Orange Mound in Memphis to ask Americans to donate money to build "The Tom Mboya/Dr. Martin Luther King Education and Cultural Center" and eat some "ugali sukuma wiki and nyama choma." That is the African Kenya equivalent of "Cornbread, Collard Greens and Grilled meat."
