

ArchLynk & FourKites Join Forces to Augment Global Supply Chains & Executive Decision-Making with Predictive Visibility

ArchLynk, announced its partnership with FourKites to augment global supply chains with the power of predictive supply chain visibility.

SAN JOSE, CALIFORNIA, UNITED STATES OF AMERICA, September 13, 2023

/EINPresswire.com/ -- [ArchLynk](#), a

global leader in digital supply chain consulting services and global trade

solutions headquartered in San Jose, California, announced its partnership

with leading supply chain visibility

platform [FourKites](#) to augment global supply chains with the power of predictive supply chain visibility. The collaboration between ArchLynk and FourKites will help integrate FourKites'

extensive supply chain data network and visibility capabilities with SAP Transportation

Management (TM) and SAP Business Network for Logistics (BN4L) solutions, thereby enhancing supply chain visibility and providing data-driven insights that fuel real-time decision-making.

In our constant efforts to deliver comprehensive end-to-end supply chain expertise to our customers, we are excited at the prospects of this collaboration with FourKites."

Jigish Shah, CEO of ArchLynk

ArchLynk Announced its Partnership with FourKites

Recently named a Leader in the [2023 Gartner Magic Quadrant™](#) for the third consecutive year, FourKites is recognized for helping businesses digitize their end-to-end supply chains and extend visibility beyond transportation into yards, warehouses, stores and beyond.

In a world where supply chain disruptions and uncertainties are a constant threat, the need for real-time visibility, predictive insights and actionable intelligence is

paramount. Supply chain leaders are increasingly keen to digitize processes and invest in advanced technologies that maximize agility throughout their operations. With a growing need for data transparency, automation and data-driven decision-making, companies need expert

consulting to accelerate their digital transformation initiatives to derive business value and build robust, connected supply chain networks.

“With this strategic collaboration, we will be able to solve pressing supply chain challenges for an extended customer base by making our visibility solutions readily available for SAP TM users,” said Nimesh Patel, Vice President of Alliances at FourKites. “But it doesn’t stop there; ArchLynk is continuing to drive use cases for visibility data across the SAP ecosystem, including IBP, WM, S4 and BN4L, which can drive operational savings in inventory forecasting, workforce management, demand planning and customer service.”

“In our constant efforts to deliver comprehensive end-to-end supply chain expertise to our customers, we are excited at the prospects of this collaboration with FourKites,” said Jigish Shah, CEO of ArchLynk. “By integrating FourKites' predictive data insights into SAP TM and SAP BN4L, this partnership empowers our customers to address existing supply chain vulnerabilities, enhance visibility, and transform into intelligent enterprises.”

This strategic partnership marks a significant milestone in the supply chain industry, where innovative technologies and strategic partnerships are shaping the future. ArchLynk and FourKites are dedicated to transforming the way businesses manage their supply chains, ensuring resilience, agility, and success in an ever-evolving market.
