

Jim Marter Calls for Transparency from Underwood on Afghanistan

OSWEGO, IL, UNITED STATES,
September 6, 2023 /EINPresswire.com/
-- Jim Marter is calling on Lauren Underwood to issue a statement on her stance regarding aid to Afghanistan.

"I do not support giving aid to Afghanistan while the Taliban are running the country. They continue to marginalize women and under the conditions created by failed policies, we cannot ensure the aid will reach the hungry and those in need of medical attention. Today, I'm calling on Lauren Underwood to let her constituents and the American People know if she will stand against direct American aid to Afghanistan and indirect American aid, through the United Nations Global Humanitarian Support. Until we can be sure it will go to the people who need help, instead of terrorists, this must be opposed," said Marter.
