

North Carolina-based EkoCyber Launches Trusted Cybersecurity Solutions to Stop the \$8 Trillion Cyber Crime Wave

RALEIGH, NORTH CAROLINA, USA, September 6, 2023 /EINPresswire.com/ -- [EkoCyber](#), a leading Managed Security Services Provider (MSSP), is changing the digital landscape with top-tier, trusted, and transparent cybersecurity solutions. With an unwavering commitment to bolstering cybersecurity, EkoCyber is poised to revolutionize how small and midsize businesses safeguard their digital assets.

In an increasingly interconnected world, cybersecurity threats have reached unprecedented levels. Cybercrime is predicted to cost the world \$8 trillion USD in 2023, according to an article by [Cybersecurity Ventures](#). Small businesses, in particular, are grappling with limited budgets, making it challenging to defend against cyberattacks effectively. EkoCyber has recognized this need and is proud to offer a comprehensive suite of security services designed specifically for small businesses.

EkoCyber's range of [managed services](#) includes:

Endpoint Protection: Cutting-edge solutions to safeguard a network's entry and exit points.

Device Patching: Ensuring all systems are up-to-date and fortified against vulnerabilities.

vCISO & General Consulting: Expert guidance to navigate the complex cybersecurity landscape.

Vulnerability Scanning: Identifying weaknesses before cybercriminals exploit them.

Penetration Testing: Proactive testing to assess a system's resilience against attacks.

Compliance Assistance: Helping businesses meet regulatory requirements effortlessly.

In addition to individual services, EkoCyber has also begun offering monthly plans designed to cover every facet of a company's information security program, without the administrative overhead. The plans are stated as being highly flexible to ensure every company has exactly what they need, when they need it.

EkoCyber is more than just a security services provider; it's a trusted partner in safeguarding sensitive data and preventing data breaches. "We're meticulous, so nothing gets missed," adds an EkoCyber representative. The services are not limited to any specific industry; they can be tailored to meet the unique needs of businesses across various sectors. Whether the client is in healthcare, banking, a publicly traded company, or any other field that handles sensitive information, EkoCyber has the expertise to effectively protect a customer's data.

Founder Cameron Shanks expressed, "Our mission at EkoCyber is to provide top-tier cybersecurity services that are affordable for businesses, especially those on tight budgets. We believe that every company, regardless of size, should have access to robust cybersecurity measures."
