"This partnership marks another incredible stride towards redefining the RVing experience. Campers Inn RV's dedication to excellence perfectly aligns with our mission, offering RVers unparalleled access to unforgettable journeys. With Campers Inn RV on board, the road ahead becomes even more exciting, promising boundless adventures and cherished memories for more RVers." and provide more details to interested customers.

Harvest Hosts will continue to expand the program by collaborating with leading RV manufacturers and dealerships, empowering RV owners to discover distinctive and unforgettable stays that support small businesses across North America.

About Campers Inn RV

Campers Inn RV is the largest family-operated RV dealer in North America. Their story began when Arthur and Frances Hirsch attempted to purchase an RV back in the 1960s and had such a poor experience at that dealership that they felt they could do a better job if they opened their own dealership. In the 57 years since Campers Inn RV began, they have become one of the largest retail outlets for RVs and ownership has stayed in the Hirsch family for three generations.

About Harvest Hosts

Harvest Hosts is a membership club for RVers offering unique overnight stays at over 8,000 locations all over North America – including more than 5,000 farms, wineries, breweries, distilleries, golf courses, museums, and other scenic small businesses in addition to over 3,300 Boondockers Welcome community host locations. The company is the largest private RV camping network in North America, and its mission is to help millions of people live happier lives through road travel, while supporting wonderful small businesses and communities along the way. Harvest Hosts' campground discount program, CampersCard, provides free marketing for campgrounds, and perks, discounts, and benefits for campers. Harvest Hosts' latest offering is CampScanner, which helps campers snag sold-out campsites at popular National Parks, National Forests, and more.
