Coconut milk and its products are still in nascent stages in various regions of Africa, such as Zimbabwe, Liberia, Eritrea, and Burundi, along with other developing regions.

These are still untapped, which present lucrative coconut milk market opportunities for manufacturers of coconut milk.

Increase in use of coconut-based products in food & beverage applications is expected to drive the market for coconut milk in the future. Coconut milk is widely used as ingredient in a variety

of cosmetic products and processed food products such as cookies, cakes, milkshakes, and ice cream. With growth in consumption of processed food products, owing to rise in urban population, the demand for coconut milk is expected to grow at a significant rate in future.

According to the coconut milk market analysis, the market is segmented on the basis of packaging type, category, end user, distribution channel, and region. Based on packaging type, the coconut milk market is categorized into plastic bottles, tetra packs, and cans.

Tetra packs are widely used globally and is one of the prime packaging types for coconut milk; thus, is expected to influence the overall coconut milk industry. The tetra pack segment was valued at \$699.5 million and is expected to grow with a CAGR of 16.5% from 2021 to 2027, to reach \$1,778.8 million by 2027.

By category, the conventional segment held a major coconut milk market share, and is expected to remain dominant throughout the forecast period. This is attributed to widespread availability of conventional coconut products across the globe. Moreover, conventional category of coconut milk in Asia-Pacific has gained a large consumer base, which, in turn, is expected to augment the coconut milk industry growth.

Based on end user, the food services segment held a major share of the coconut milk market. This is attributed to increase in purchasing power of consumers and rise in spending on luxury foods & beverages have led to a rapid growth of the food service industry, resulting in an increased demand for coconut milk and its products.
