“

The new EV category features interesting EVs of today, as well as the original EVs created as far back as 1903. EVs are not a new invention, simply a modern update of a 100 year old innovation.”

The Concierge Automobili TV Channel now has more than double the number of videos from this time last year. With content spanning over a decade, Concierge Automobili showcases cars ranging from Vintage to Classic to Supercars and to Exotic cars. An ever-growing category list includes American Muscle Cars, American Classics, Museums, Car Shows, Cars & Coffee, Special Events and a separate category for the New York International Auto Show. All well known automobile manufacturers such as Chevrolet, Ford, Dodge, McLaren, Maserati, Lamborghini, Mercedes-Benz, Ferrari, Porsche, Jaguar, Alfa Romeo and

many more are there as well. Further category expansion is planned for early next year.

Cars almost never seen in public are included in videos on Concierge Automobili, including the

Vector W2 supercar, Bugatti's EB100 and Veyron. Pagani's new Utopia is even included.

The new EV category features the more interesting EVs of today, as well as the original EV vehicles created as far back as 1903. The EV is not a new invention, simply a modern day update of a one hundred year old innovation. Hispano Suiza is featured with its own category showcasing the amazing Carmen.

Our visits to various Concours d'Elegance exhibitions are featured as well, including the Misselwood Concours d'Elegance, and the Greenwich Concours d'Elegance which honored the Alfa Romeo marque this year.

Concierge Automobili will further expand it's reach on additional platforms worldwide during 2024 and will continue to add new interesting content for its viewers.

There is no charge to install or watch content on the Concierge Automobili TV Channel and it remains supported by its advertisers. Concierge Automobili is a [TV Channel Developers media platform](#).
