Red Hotel Series - 3 Books

EBOOK BUNDLE AVAILABLE IN OCTOBER

In the latest book, *Red Chaos*, Dan Reilly continues his quests as he investigates a rash of terrorist attacks around the world. As the president of the international division of the Kensington Royal Hotel Corporation, it's his job to stop trouble before it reaches red, the deadliest level in his five-tier Red Hotel threat assessment plan.

The Arctic ice is melting, the waters are warming, and Russia's ever-expanding fleet of oil tankers grind through the Northern Sea Route to China. With a fleet of nuclear ice breakers clearing the way, Russian ships were setting new records to reach China and fulfilling a simple equation: Russian President Nicolai Gorshkov needs China's money to fund his expansionism plans past Ukraine and Latvia while China, the thirstiest oil nation in the world, needs affordable fuel.

How these seemingly different elements have a profound impact on Russia's far-reaching plans is what makes *Red Chaos* a thriller to be read like breaking news.

Leading up to *Red Chaos*, *Red Hotel* and *Red Deception* set the stage for Dan Reilly's thrilling escapades. Start with book one or jump in with books two or three. Better yet, in October, catch all three books in one ebook bundle. That way you get all the action from start to finish with a single purchase. It will (teaser) get you prepared for book four, *Red Ultimatum*, as the series continues with a plot twist including the secretary of State being kidnapped and the former President's plane going down all the while that Russia and China threaten the Panama Canal, Cairo...and more!

.....RECENT REVIEWS.....

RED HOTEL

"Welcome to my world. *RED HOTEL* is a thriller that dramatically covers a very real global threat that could redraw nation boundaries and lead the superpowers to the brink of war. Fuller and Grossman echo the warning, 'If you see something, say something.' They're saying it loud and clear in *RED HOTEL*."

STEVE TIDWELL

Former Executive Assistant Director, FBI,
Criminal, Cyber, Response, and Services Branch

RED DECEPTION

"*RED HOTEL* combined the authors' real-world experiences into a very compelling, breakneck-paced scenario that captures the imagination. *RED DECEPTION* takes us even further into the complex world where globalized economics and travel are integrally woven into politics, terror, intrigue, and more. Fiction that's all too real!"

WILL GRIMSLEY

Major General, US Army, (Ret.)

RED CHAOS

"I've been engaged in national and homeland security for over 45 years, I seldom read fiction. When I do, it is historical fiction. While *RED CHAOS* is not an historical novel, given today's news,

it affords the reader an extremely compelling, most realistic, and fast paced story. In crafting this riveting read, Ed Fuller and Gary Grossman have written a thriller that reflects their impressive knowledge of today's strategic global dynamics. RED CHAOS is a timely must read for those seeking a book that is both stimulating and eye-opening."

William Carwile

Colonel, US Army (Ret), Former Associate Administrator, FEMA
