It's important to note that the industry commission system hasn't changed in at least 50 years while business costs continue to climb. Wayne's visionary goal is to create solutions that support reliable and credible distribution long-term — years ahead of what the insurance industry is

thinking.

Dylan Consulting is focused on advanced solutions for the marketplace and you as the broker/consulting. Our industry has not changed much, but the world has changed a lot. Our specialty is not the industry standard of progress but advance well beyond that to give you tools that advance your client, the insured and your agency in an ever changing world.
