

C2 Systems Successfully Completes SOC 2 Audit

C2 Systems successfully completes the company's 5th annual SOC 2 audit to ensure its continuing commitment to securing client data.

COLLEYVILLE, TEXAS, USA, September 13, 2023 /EINPresswire.com/ -- [C2 Systems, LLC](#), a leading developer of cloud-delivered, AI-driven loan origination solutions, today announced its successful completion of its Type 2 SOC 2 audit for the review period ending July 31, 2023 as it looks to provide assurance to the company's clients and prospects that their information is protected and secure.

The SOC 2 audit was conducted by leading compliance assessor [A-LIGN](#), a technology-enabled security and compliance partner trusted by more than 2,500 global organizations to help mitigate cybersecurity risks. "We are pleased to provide peace of mind to our financial institution clients, as we continue to meet their regulatory requirements for securing production

data and operating in a secure manner", said Stephen G. Sargent, president and chief executive officer of C2 Systems.

“

It's great to work with organizations like C2, who understand the value of expertise in driving an efficient audit and the importance of a high-quality final report.”

Steve Simmons, COO of A-LIGN

Established by the American Institute of Certified Public Accountants (AICPA), the SOC 2 examination is designed for organizations of any size, regardless of industry and scope, to ensure the personal assets of their potential and existing customers are protected. SOC 2 reports are recognized globally and affirm that a company's infrastructure, software, people, data, policies, procedures and operations have been formally reviewed.

“Congratulations to C2 Systems for completing their SOC 2 audit, a widely recognized signal of

trust and security," said Steve Simmons, COO of A-LIGN. "It's great to work with organizations like C2, who understand the value of expertise in driving an efficient audit and the importance of a high-quality final report."

C2 will continue to perform a SOC 2 assessment, as well as penetration tests, on an annual basis and can make the report available to current or potential customers upon execution of a non-disclosure agreement.
