

Liberty Christian Academy Celebrates a New SmartLab STEM Lab

Students at Liberty Christian Academy will invite the community to celebrate their new SmartLab STEM lab on Monday, September 18.

RICHLANDS, NC, USA, September 13, 2023 /EINPresswire.com/ -- When school started at [Liberty Christian Academy](#) this fall, students found a new learning experience waiting for them. That's because Liberty Christian has added a special kind of classroom, called a [SmartLab](#), developed by Creative Learning Systems.

Dr. Cheryl Cavanaugh, the LCA's Head of School, explains, "The landscape of education is changing rapidly with technology advancements such as Artificial Intelligence. Our job as educators is not to merely provide information. This

generation has constant access to information at their fingertips. Our role is to teach students how to interpret information, think critically, and use resources responsibly. These labs will provide unique opportunities for students to brainstorm and problem solve in an innovative, hands-on learning environment."

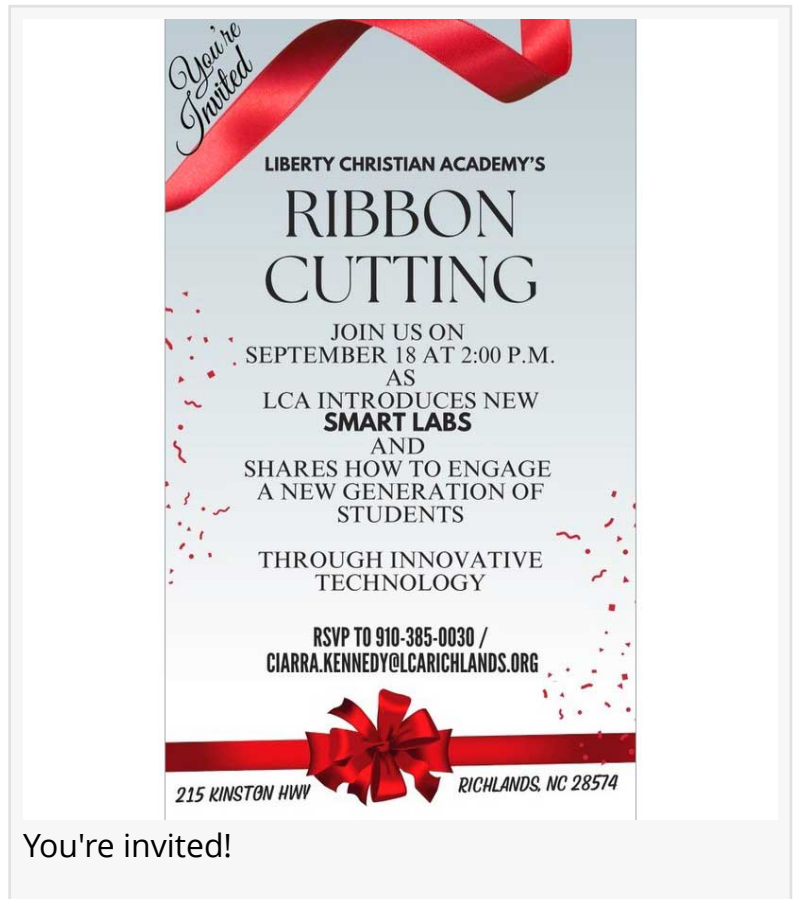

“

These labs will provide unique opportunities for students to brainstorm and problem solve in an innovative, hands-on learning environment."

Dr. Cheryl Cavanaugh

Dr. Cavanaugh continues, saying "The STEM lab will allow students to explore STEM and media arts through applied technology and project-based learning. It will be a fully integrated environment that supports hands-on, personalized learning -- individualized, differentiated, and relevant to each student's interests and experiences."

To introduce how "learning is different" in the new

You're invited!
