BOCA RATON, FL, US, September 26, 2023 /EINPresswire.com/ -- When serial entrepreneur, Derrick Dufresne, wanted to open a business that helped people while producing an income, he chose Mobility City because it is backed by the nation's leading mobility equipment sales, rental and repair franchisor, Mobility City Holdings, Inc. With a [Mobility City franchise](#) comes a showroom offering mobility scooters, wheelchairs and other mobility devices to those with disabilities, improving their quality of life. The St. Louis, Missouri franchise just celebrated its second anniversary.

in the St. Louis community for over 30 years. Derrick and Noelle are specialists with a long history of providing services and support to individuals with Intellectual and Developmental Disabilities and support and training for their caregivers.

“Mobility City is more than just a business, it is a network of about 50 locations who interact as a family,” said Diane Baratta, CEO, Mobility City Holdings, Inc.. “We’re changing lives, one scooter at a time,” said Vinny Baratta, COO, Mobility City Holdings, Inc.

Mobility City is part of a larger trend of businesses that are focused on social good. A growing number of consumers are interested in supporting companies that make a positive impact on the world. To provide top notch service, the system's franchisees all employ technicians who make house calls from a service equipped van, nicknamed 'a workshop on wheels'.

“We’re so grateful to our owners like Derrick, to their customers and to the communities our locations support,” said Vinny Baratta. “We’re looking forward to continuing to make a difference in the lives of those with disabilities as we grow our network of franchises,” said Diane Baratta.

Dufresne's advice to others considering a franchise is to carefully research the industry and the specific franchise opportunity. "If your interested in going home feeling good every day, I recommend Mobility City," he said.
