IBT Apps & C2 Systems Partnership Accelerates Loan Origination for Community Banks

The new partnership integrates SecureLEND ℠, a modern, automated loan origination platform with IBT App's i2Suite® Banking System.

CEDAR PARK, TX, UNITED STATES, September 13, 2023 / EINPresswire.com/ -- IBT Apps, a leading-edge provider of adaptable core and digital banking software, has partnered with C2 Systems to integrate a comprehensive loan origination solution with IBT Apps' adaptable i2Suite banking system, maximizing productivity and profitability, while maintaining compliance.

IBT Apps Loan Management Solution, SecureLEND

This strategic partnership enables bankers to provide a seamless loan application process, both in-branch and online, allowing for the efficient and secure onboarding of new loan customers, all within a single system. Additionally, integrating SecureLEND with IBT Apps' i2Suite platform eliminates the need for multiple systems to rekey information, which helps accelerate the lending process, streamlines banking operations, cuts costs, and decreases compliance risk.
