SAM Corporate announces referral partnership with OneStream Software to help organizations conquer complexity and drive finance transformation across EMEA

UNITED ARAB EMIRATES, September 13, 2023 /EINPresswire.com/ -- [SAM](#) Corporate and [OneStream](#) Software announced a strategic partnership to help modern organizations with their corporate performance management (CPM) processes around the globe. This new partnership will provide industry-leading software and expertise while helping drive efficiency in the office of Finance.

OneStream provides a unified platform that simplifies and aligns financial close, consolidation, planning, reporting, analytics and financial data quality. OneStream eliminates the risk and complexity of data integration, validation, and reconciliation between multiple products, applications, or modules and makes non-integrated CPM suites a thing of the past.

“SAM, as a commitment to its customer, partner with the best of the breed. And hence SAM selected OneStream as a partner in the region because their solution combines the excellence of many capabilities of a CPM solution in a single system, like budgeting, forecasting and planning, consolidation, and an extremely powerful reporting capacity, including regulatory reporting.” says Marc Gillis, Co-founder and CEO of SAM Corporate.

“Not only are Finance departments confronted by ever-changing analysis and performance requirements, but also continuously shifting regulatory reporting necessities. Not least climate risk and related ESG matters will be of increased importance.” continues Gillis.

"SAM with its deep subject matter expertise and excellent track record is proud to have found the ideal solution to meet the needs of our customers and businesses in the Middle East. SAM is confident that synergies created by a world class product and an excellent delivery capability will add unmatched value to our clients." concludes Gillis.

"We are thrilled to announce our partnership with SAM Corporate and extend our presence around the globe," said Lorraine Venter, Regional Sales Director, Middle East at OneStream Software. "Each OneStream partner undergoes rigorous training to ensure full compliance with our mission of delivering 100 percent customer success. We believe that a strategic partnership with SAM Corporate is ideal for the evolving needs of our customers on a global scale and together we will provide our shared customers with an Intelligent Finance platform that eliminates inefficiencies and allows them to lead at speed."
