

Bisk and Eastern Connecticut State University Join Forces to Launch Online Master's Programs in Four High-Demand Fields

TAMPA, FLORIDA, UNITED STATES,

September 13, 2023 /

EINPresswire.com/ -- Bisk, a renowned global leader in online education, has announced its partnership with

[Eastern Connecticut State University](https://www.easternct.edu/), a

public liberal arts university located in Willimantic, Connecticut. This strategic collaboration provides 100% online master's programs in Applied Data Science, Special Education, Management and Accounting and underscores the vital role graduate programs fulfill in addressing the demands of a rapidly changing professional landscape.

"In an era defined by swift technological advancements and shifting market trends, the importance of graduate programs becomes even more pronounced," said Bisk CEO Mike Bisk. "This collaboration with Eastern is a commitment to harnessing the power of higher education to equip individuals with the skills, knowledge and adaptability required to not only keep pace with change but to drive it."

The four programs encompassed in this partnership:

Applied Data Science

- Aims to broaden both general and technical business knowledge while refining skills in data analytics, visualization, application and more
- The U.S. Bureau of Labor Statistics (BLS) predicts a 21% increase in demand for computer and information research scientists between 2021 and 2031*
- To learn more about the program or to enroll, visit <https://online.easternct.edu/applied-data-science/>

Special Education

- Focuses on cultivating a strong understanding of trends and issues related to educating exceptional students
- The number of students receiving services under The Individuals with Disabilities Education Act (IDEA, 1975) reached 7.3 million by 2022 (15% of total public-school students) and continues to trend upwards, emphasizing the growing need for qualified special education professionals**

- To learn more about the program or to enroll, visit <https://online.easternct.edu/special-education/>

Accounting

- Offers specialized courses in functional accounting, business and economics to prepare graduates for leadership roles in the industry
- The BLS projects a 6% job growth for accountants and auditors through 2031, translating to approximately 136,000 job openings per year***
- To learn more about the program or to enroll, visit <https://online.easternct.edu/accounting/>

Management

- Ideal program for professionals seeking advancement into leadership roles, enhancing management skills or improving business practices for small business owners
- The BLS projects an 8% increase in employment in general management roles from 2021 to 2031****
- To learn more about the program or to enroll, visit <https://online.easternct.edu/management/>

All four programs are fully available online, empowering students to pursue their postgraduate degrees without sacrificing their current commitments and offering the flexibility to access the programs from anywhere, at any time.

“Online graduate education is a popular choice for working adults seeking flexibility and balancing work, life and learning obligations,” said Dr. Bill Salka, Eastern’s provost and vice president of Academic Affairs. “Partnering with Bisk to leverage their expertise in delivering high-quality online education, along with Eastern’s reputation in excellence, will ensure our graduate programs serve a wide range of students and meet the emergent workforce needs.”
