“

As we navigate life's uncertainties, may we all find solace in the unbreakable threads that connect us to those who truly matter.”

Sara Podgoreanu

Her deep appreciation for fiction shines through in her writing, characterized by its reflective nature and ability to strike an emotional chord. Through years of dedicated study learning in various international schools, Sara has honed her craft and her novel, "Oblivion," is a testament to her creativity and talent.

"Oblivion" tells the heart-wrenching story of Oliver and Daiki, high school sweethearts who were tragically separated before they could truly begin their love story. Fate brings them together again years later at a friend's

engagement party, and both of their lives have changed dramatically. Oliver, still broken-hearted, struggles to accept Daiki's relationship with someone else.

However, when their mutual friends experience a sudden breakup just before their wedding, tensions rise, and uncertainties emerge. The once seemingly solid relationships are tested as hidden jealousies and long-buried secrets come to light. Amidst it all is Daiki, the love of Oliver's life. Despite the consequences, they cannot deny their irresistible pull towards each other. Oliver yearns for a second chance, but the path to happiness with Daiki could be smoother. Past shame

and secrets resurface, haunting them like ghosts.

Can Oliver and Daiki overcome their differences and leave their complicated past behind, or is love sometimes not enough? “Oblivion” explores the complexities of relationships, the power of second chances, and the enduring nature of love.

This deeply moving novel is specifically targeted at the LGBTQ young adult audience, who will relate to and resonate with the characters and themes presented in the book.

Sara Podgoreanu hopes that “Oblivion” will capture readers’ hearts and serve as a platform for meaningful conversations surrounding themes of love, acceptance, and personal growth. In a society where LGBTQ voices are increasingly recognized and valued, Sara’s novel adds another essential perspective to the literary landscape.
