DENTAL

Castle Dental is now Center Valley Dental

“

From the most basic cleaning to intricate cosmetic dental procedures, we aim to ensure that each individual gets the best possible oral care experience.”

*Dr. Matthew Lang*

[General dentistry](#) is about maintaining oral health and preventing potential dental issues. Center Valley Dental provides foundational services such as regular cleanings, X-rays, and fillings. These regular screenings are essential in detecting early signs of disease and infection and ensuring that a patient is in good oral health.

Dr. Matthew Lang, dentist at Center Valley Dental, shared, “Our goal is to create an environment where patients feel understood and cared for. From the most basic cleaning to intricate cosmetic dental procedures, we aim to ensure

that each individual gets the best possible oral care experience.”

Appointments begin with diagnostics, such as an x-ray and a discussion with a hygienist. Then a tooth cleaning will remove any plaque or tarter found on the teeth. Finally, the patient can speak with a dentist one-on-one.

Not limiting themselves to general dentistry, Center Valley Dental also offers a range of [cosmetic dentistry](#) services. From dental crowns and veneers to dental implants and tooth whitening, Center Valley Dental caters to those looking to enhance the aesthetics of their smile.

To make an appointment or learn more about their extensive services, interested individuals can

visit <https://centervalleydental.com/request-an-appointment/>. The Center Valley dentist is currently welcoming new patients.

About Center Valley Dental: Center Valley Dental is a leading provider of cosmetic dentistry and dental implants in Center Valley, PA.
